JOIN CONNECTING SOFTWARE IN MADEIRA AND LIVE YOUR BEST LIFE NOW!

Do you like to create solutions and demonstrate them to a global audience?
Our customers are cross-industry - we deliver to anybody from small businesses to global enterprises or governmental organizations.
We are selling our unique products and solutions via web requests and partners. The price of our software goes from 100 to 1.000.000 Euros.
We offer on-premises, cloud and hybrid solutions as purchases, rentals or subscriptions.
We are an Independent Software Vendor (ISV) with innovative products and industry-leading partners across all continents.

Job description, responsibilities and duties

You will communicate with our prospects and define, present and suggest our Platform and our Products. You will meet the prospect on his level and help him understand how our solutions can serve their needs.

You will identify, design and document new features, user stories and product roadmaps based on your communication with customers, developers and sales/marketing.

You act as an active information and advice provider within the triangle: customers, sales/marketing department and most importantly developers.
